### Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell

### AUTOMOBILE FATALITIES.

Mrs. Charles H. Law, of Philadelphia, was killed Saturday in a collision between an automobile and a trolly car at Chelsea, near Atlantic City, N. J., The couple were celebrating their wedding anniversary. Mr. Law and A. B. Streeter, the chauffeur, were painfully injured. The machine was being driven across Atlantic avenue at Chelsea when a trolly car, running at great speed, struck the automobile full on the side and threw it into a ditch. Mrs. Law's head struck a steel rail, fracturing her skull and causing death in a few minutes. Mr. Law received severe injuries, and the chauffeur sustained a fracture of the knee cap.

Wm. J. Maxwell and John S. Fields were almost instantly killed. Mr. J. R. Eglinger, was fatally injured, and three small children were terribly cut and bruised in an automobile accident at Cuddlebeckville, Orange county, N. Y., Saturday afternoon.

A fatal automobile accident occurred near Bordeaux, France, Saturday. By the collision of two cars six men were killed and seven injured, one fatally. One of the cars was competing in the Criterion cup race. It collided, while running at full speed, with a touring car.

An automobile ran into the Calumet river through an open draw in Chicago Saturday. The three occupants jumped into the river and were rescued by a tugboat.

By the bursting of a tire on an automobile yesterday afternoon as it was racing through Southport, Conn., Peter Henderer was killed and William Mallory was badly bruised.

Mobbed by farmers after their big touring car had accidentally run over a little boy, S. B. Chapin, millionaire packer, and two woman companions, one of whom was Mr. Chapin's wife, are said to have been driven from the automobile in the vicinity of Deerfield, Ill., forced to stand and look on while the big automobile was incinerated in a big bonfire the farmers built under it, and then compelled to walk two miles through the country before they could find an accommodating driver who would take them to the Moraine Hotel, in Highland Park Chicago.

### ASSAULTS ON LITTLE GIRLS.

Mothers and fathers living in the neighborhood of the 400 block, Girard avenue, Baltimore, are much perturbed over the attacks on two little girls by a well dressed white man. While neither of the little victims—Eva Campbell, twelve years old, and Annie Murphy, five years old—was seriously injured, the younger girl was more roughly treated than the other, who fled when her assailant grabbed her. The police have a good description of the assailant.

The attempt to attack Eva Campbell was made about 9:30 a. m. yesterday. She was walking through an alley in the rear of her home, when she was met by the man, who seized her around the waist. Eva cried out for her mother, and the man released his hold. The child darted away from him and through the gate of her home.

About 2 p. m. the second sensation of the day occurred. This time it was learned that the Murphy child had been treated even worse that Eva Campbell. The child returned to her home hysterical and declared that the man had hurt her. She said he grabbed her as she stood by the doorstep of a neighbor's home. Once more the neighborhood was in a high state of excitement and alarm. But when the doctor said she was not seriously injured quiet was restored.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

### HAIL STORMS.

A heavy hail storm visited sections of Taylor, Barbour and Preston counties, West Virginia, Saturday, doing great damage to crops and truck gardens. A deluge followed the fall of hail at Tunnelton and a section of the town was flooded. In Knottsville district, Taylor county, there was general destruction. The hailstones were as big as crab apples, and chickens and other fowls caught in the storm were killed. The stones were piled up like snowdrifts.

### Rising from the Grave.

A prominent manufacturer, Wm. A. Ferwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. ### FOR ARBITRATION.

The arbitrational commission at The Hague Saturday afternoon adopted the principle of Mr. Choate's scheme for the institution of a permanent court of arbitration by a vote of 27. Twelve of the powers did not vote and the representatives of five were absent. All the great powers supported the scheme. The powers who abstained from voting were Belgium, Servia, Switzerland, and some of the South American republics. The American plan, which has met with the formal approval of the convention, involves the appointment of a tribunal of much greater authority and dignity than that existing under the sanction of the first pesce conference. Appeal to the new court may be taken by any nation, but the adoption of its rulings is not compulsory except where this stipulation shall have been made in advance.

### BOY'S TERRIBLE FATE.

Suspended in a network of electric wires seventy feet in the air alongside the trestle of the Public Service Corporation trolley line in Hoboken, N. J., a twelve-year-old boy was shocked and burned to death last night as several hundred persons looked on helplessly. Two chums of the boy dared him to climb the trestle and rob a bird's nest under the iron girders. When he had reached the top of the trestle he waved his hand, which came in contact with a live wire, and the boy suddenly pitched forward. Ten feet down the boy's body struck the network of wires. He was dead when aid arrived.

### HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, AUGUST 5, 1907.

THE fine imposed in Chicago Saturday upon the Standard Oil Company by Judge Landis is believed to be the largest in the history of the world and is the maximum that could be imposed. The sum of $29,240,000 represents a fine of $20,000 on 1,462 carload lots of oil on which rebates were obtained. The Standard Oil paid but six-cent freight, while other industries were charged 18 cents. Judge Landis said the methods of Standard Oil were a greater menace than counterfeiting or robbing the mails, and that its officials resorted to crime to produce dividends. He scored the trust magnates for studied insolence and ridiculed their virgin guilt. The judge instructed the grand jury to begin criminal proceedings against the Chicago and Alton road, which may involve E.H. Harriman. Mr. John D. Rockefeller owns 27 per cent of Standard Oil. Stock brokers agree in the opinion that the enormous fine put on the Standard Oil Company will have little or no effect on the stock market. They are equally unanimous in predicting that Standard Oil will not pay anywhere near that amount of money into the federal treasury. And if it did it could soon recoup by raising the price of oil a cent a gallon. The people "pay the freight."

REV. M. J. RIORDAN in a sermon in Baltimore yesterday among other things said:

In Baltimore there are bookkeepers who are obliged by their employers to make false entries under penalty of dismissal. Some of Baltimore's most respected citizens are daily robbing workingmen in Allegany county, inasmuch as the weighmaster employed by them at the mines is obliged to rearrange the scales after inspection by the State inspectors and thus deprive the miner of his just weight and wage. Certain wealthy capitalists are furnishing object lessons in anarchy to wage-earners. The head of one corporation snaps his fingers in the face of judicial authority, and the wealthiest man in our country casts ridicule on our courts by publicly evading and dodging their commands.

The above is an object lesson in our day and generation.

JOHN CYRIANO, of Punxsutawney, Pa., believed his wife, Amelia, was possessed of a devil, and, to drive it out, beat and kicked her almost to death. She now is in a hospital and the authorities are searching for her brutal husband. Mrs. Cyriano was accused of causing all the misfortune in the neighborhood, and when her husband's tonnage at the mines fell off, reducing his pay, he decided to end what he believed was the cause of the trouble. He went home Saturday and beat his wife so badly that she may die. Cyriano himself seems to be suffering from demoniac possession, and when caught the demon should be exorcised with a blacksnake whip wielded by an able-bodied man.

IN the Roanoke police court Saturday night Judge Bryan fined J. C. Pucket $75 and sentenced him to jail for four months for rioting. Pucket was indicted by a grand jury in connection with the wrecking of Greek restaurants in Roanoke two weeks ago by a mob. Of the 12 men tried so far 10 have been convicted and given jail sentences and fined. Two have been dismissed. The fines range from $20 to $75, and the jail terms from one day to 12 months. This is the greatest number of convictions for rioting in the state's history. This course pursued in Roanoke will be commended by all law-abiding people.

IT WILL cause some discomfort at Oyster Bay to learn that two hundred warships have been paraded before King Edward. This is far in excess of the number of war vessels that were taken away from their summer maneuvers and paraded before Sagamore Hill so that President Roosevelt could enjoy the show without going any considerable distance. But as says the Philadelphia Record, the United States will probably remain for a long time second to Britannia as a naval power, and the President has as large a show as the country's resources would admit.

A BOY named John Wiegmann, living in Baltimore, was choked to death by a tin whistle yesterday. The boy had placed the whistle in his mouth, and while romping with some companions took a deep breath which drew the whistle into his throat and lodged it at the base of the throat. He died while being taken to the office of a physician. These dangerous toys are sold in all cities. They are about as large as a silver quarter of a dollar, and often small children are seen with them in their mouths.

DR. WILEY'S suggestion that the chief nations of the world participate in an international pure food congress to establish universal food standards is worthy of consideration. Joint effort is needed to stamp out fraud in the manufacture and sale of foods. International ostracism should be visited just as effectively on the issuers of fradulent edibles as on the issuers of forged notes or counterfeit money.

THE Filipino nationalists having carried the election, the assembly will ask independence, the right to carry arms, jury trials and a rearrangement of the personnel of the Philippine Commission. All of which is to be expected from a liberty loving people; but will their very natural requests be granted by the United States—their new masters?

"AMONG THE WORLD'S PEACEMAKERS" is the title of an interesting book just published by the Progressive Publishing Company of New York. The volume is an epitome of the Interparliamentary Union with sketches of eminent members. The book is profusely illustrated.

THE people of the State are to be congratulated that at least there will be no called session of the legislature.

## From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 5.

The appearance today of the third installment of "What I Know About the Oil Business" (Bureau of Corporations, publisher; Herbert Knox Smith editor. Price gratis), in the opinion of Washington students of corporation economy clears up one point pretty well. That is, the Standard Oil Company could pay the twenty-nine million dollars fine assessed by Judge Landis, and scarcely miss it. The amount represents considerably less than the average profits of a single year. The Smith book shows that in the past quarter of a century the net earnings of the trust have been more than 32 times the Landis fine. Further, the report indulges in an exhibition of the methods whereby the Standard has piled up these enormous profits, that is scarcely less drastic than the pronouncement from the Chicago federal bench Saturday. In fact the Landis decision and the Smith report, in certain features, run along parallell lines. Wherefore the question naturally arises, Did Judge Landis have an advance copy of the Smith report at hand when he was preparing his decision? It is known that proof sheets of the Smith report were in the hands of officials of the Department of Justice more than a week ago. To suppose that a copy should have found its way into the federal court house at Chicago is not unreasonable.

Secretary of War Taft has been compelled to modify some what his itinerary for his western speechmaking trip. He will not go to Lincoln, Neb. This is not because of the presence in this town of one Wm. Jennings Bryan, but the Lincoln Fair Association, which had invited the secretary to address it, has found it impossible to hold its meeting until September 2 and that date, in view of the secretary's other engagements, is too late for him to accept.

Death still hovers over the ill-fated battleship Georgia. It was reported to the Navy Department today that Harry Francis Lynch, an ordinary seaman, fell overboard Saturday night in the North river and was drowned. His father lives at 960 east 169th street, New York city.

The S. R. Washer Grain Company, of Kansas, today filed a complaint with the Interstate Commerce Commission against the Missouri Pacific Railroad. Today's treasury statement is: Receipts, $2,501,986; expenditures, $2,030,000.

"There is just as much right or reason for Captain Young to claim Isle Royale for the British government," said a high state department official today, "as there would be for him to sail down and plant a British flag on Coney Island, and announce its annexation to Canada."

### Young Woman Carried Off.

New York, Aug. 5.—Seized while she was walking in the street with her mother, Miss Agnes McMullen, a pretty 19-year-old girl and heiress to a considerable fortune, was abducted at noon today and carried away by five men in an automobile. A few men tried to pursue the kidnappers, but were quickly outdistanced.

The police are now working on the case. According to neighbors the motor car, a large dark colored machine, had been waiting in the street since 6 o'clock. As Miss McMullen and her mother, Mrs. Roxbury, approached two men jumped out. They grasped the girl and quickly hurried to the automobile. The other occupants pulled her inside while the other men clambered in. The door was closed and the automobile dashed away.

Mrs. Roxburg rushed to the police station and reported the kidnapping. She said she had recognized three of the men. On the information Mrs. Roxbury gave the detectives they went to work to run down the men she says dapured her daughter.

From that time until Sunday she had been trying to burrow her way out and finally succeeded.

## THE RAILROADS YIELD.

All the railroads in the State have formally signified their acceptance of the two-cent rate order of the State Corporation Commission, as promulgated April 27. This action was made known at 11:30 Saturday night, when a communication addressed to Gov. Swanson, signed by H. T. Wickham for the Chesapeake and Ohio; Alexander Hamilton, Atlantic Coast Line; Joseph I. Doran, Norfolk and Western, and Alfred P. Thom of the Southern, announced the determination of the roads to acquiesce in the suggestion of Gov. Swanson, who had addressed a communication to counsel for the roads named above.

The governor informed the railroads that it was his desire to see equal justice done the roads and the people, nothing more and nothing less; that both had rights, and that it was his determination to see that the laws of the State are enforced, and that the interests of the corporations and people would be observed by an "amicable arrangement pending litigation."

He then suggested that the roads submit to the order of the commission as originally promulgated, to become effective not later than October 1, the rate to remain in full force and effect until finally adjudicated.

In reply the lawyers for the railroads say that they will ask for an order amending the injunction of the federal court so that the terms of the agreement can become effective.

The belief is that the railroads realized the futility of prolonging the struggle, saw certain defeat staring them in the face and appreciated the determination of Gov. Swanson and the State officials to force compliance with the law. In case the matter should be renewed by the federal courts the record made up in the hearing before the corporation commission is to constitute the evidence to be presented.

It is said that the clerks, respectively, of the House and Senate, under instructions from the governor, in anticipation of a further prolongation of the struggle, had prepared letters to be sent to members of both branches of the general assembly, calling an extra session for the purpose of legalizing the position of the commision and adjusting the railway situation. The governor had also prepared his proclamation convening the legislature in extra session.

## FORTY PERSONS DROWNED.

Forty passengers in a third-class railroad car and the engineer of the train were drowned yesterday afternoon in a railroad accident three miles southeast of Angers, France.

The locomotive of a crowded local train jumped the track when entering the bridge over the River Loire, at Bes Ponts de Ce. The stone railing gave way and the engine plunged into the river, 50 feet below, dragging down with it its tender and the baggage and third-class cars. Fortunately, no other cars went into the water, as the coupling between the second and third cars broke.

The conductor and fireman were the only persons whose lives were saved. They escaped by swimming.

The third-class car was well filled with passengers, but although part of the roof was blown off by the confined air as it sank, but not a single passenger extricated himself, and all were drowned like rats in a trap. The engineer perished beneath the locomotive.

## STRIKE IN WASHINGTON.

This action will affect every building in course of construction in the District of Columbia where nonunion workmen are employed.

### The New York Crime Wave.

New York, Aug. 5.—Louis Concanula, innocent victim of a New York mob, is dying today in a hospital. His skull is fractured, he is injured in every part of his body and the physician said there was no hope of his recovery.

George Kestner, captured in the act of carrying a small girl from the door of her home, is in a critical condition from injuries sustained at the hands of a mob which unquestionably would have hanged him if police reserves had not rescued him.

Salado, an East Indian palmist, badly beaten by a mob and clubbed into submission by a policeman, is held today under $1,000 bail on the charge of seeking to corrupt the morals of a minor.

Each day adds more astounding horrors to the results of New York's unprecedented crime wave and the increase of mob violence, following the inability of police to stay the repeated attacks upon small girls.

The state of mind of the east side fathers and brothers, who have suffered most from the fiends, is shown by the attack upon Concanula. An infuriated woman cried "save my little sister." The mob fell upon the first man who looked suspicious. Concanula was dragged and stripped of his clothing and beaten and kicked so that he can not recover.

Kestner's was the nearest approach to a lynching New York ever saw. A rope was fastened about his neck, after he had been stripped absolutely naked and a dozen men were dragging him like a dog to a lamp post when the police reserves captured him after a fierce fight. Three alleged leaders of the Kestner mob were arrested.

### Massacre of Christians.

Teheran, Persia, Aug. 5.—A massacre of Christians by Turkish troops has just occurred in the little Persian village of Mavanep. An official report states that eighteen men and sixty women and children lost their lives.

The Turks forced a small Persian garrison defending the town to evacuate their camp and then bombarded the village, completely destroying it. The massacre of Christains followed.

An official report reaching here says that 6,000 Persian cavalry have joined a Turkish force in threating the town of Urumiah.

Urumiah is a town of from 30,000 to 50,000 population in Persian Armenia. It is noted as a city of missionary activity and is the seat of the Fiske seminary for girls and Urumiah University. It is the reputed birthplace of Zoroaster.

### Anti-Clerical-Outbreaks.

Rome, Aug. 5.—Serious outbreaks at several points have marked the agitation throughout Italy against clerics. As the movement is constantly growing, even more serious trouble is feared. Attacks on churches and monasteries and rioting are some of the developments of the fight against the priests. Churches have been burned at Florence and Pisa, while serious damage was done to other church buildings at Terni, Livernoi, Venice, and other towns.

A new record has been established for contributions to the Peter's pence fund for the year just closed. The donations amounted to over $500,000, over half of the money coming from the United States.

### Jumped to their Death.

Tangier, Aug. 5.—Pure fright due to the panic following the wrecking of the passenger train on a bridge over the River Loire yesterday, it is known, was responsible for the large death list. While many of the victims had no chance of escape when the engine and one coach took the fifty-foot leap into the river, many passengers in the cars which stayed on the rails jumped, falling into the river only to be drowned. Had they remained in the cars they would have been saved. So terrible was the panic, however, that the frightened crowd could not be restrained. The exact number of deaths is not known and probably never will be. More than forty persons, however, are known to have perished. A score of bodies have been recovered.

### More Attempts to Swim Channel.

Dover, England, Aug. 5.—Edward Heaton, a Liverpool swimmer, started from here today in an attempt to swim the English channel. Heaton made a previous attempt on July 26, 1905, starting with Miss Annette Kellerman, the champion woman swimmer of the world. He was completing one-third of the distance while Miss Kellerman gave up after five hours, having been attacked with seasickness.

Dover, England, Aug. 5.—Jabez Wolfe, who failed on July 22 to swim the channel, also started again today. The water is calm, although a mist hangs over the channel.

During the early hours both men made good progress.

### Young Woman Choked to Death.

Dayton, O., Aug. 5.—Anna Markowitz, strangled, is dead at her home. Abe Gordon, traveling salesman, lies at the hospital today with a bullet wound in his stomach that will probably prove fatal. The shocking crime of which these two were the victims occurred last night near the Soldiers' Home, the scene of my outrages. Gordon, it is said, was wounded in defending the honor of his companions, Anna and Bertha Markowitz. After he had been beaten, knocked down and shot, Anna was dragged off and choked to death. Bertha fled and gave an alarm. Gordon is unable to describe his assailants.

### Threatened Strike.

Pittsburg, Pa., Aug. 5.—With the United States Mine Workers declaring the Pittsburg Coal Company is unfair and the company asserting the miners to be unreasonable, a strike involving fifteen thousand men seems imminent. President Feehan, of the union, claims the company has not observed the scale strictly. The company, however, stoutly declares its innocence of wrong doing. The trouble is expected to reach a head momentarily.

### Evangelist Murdered.

### The Standard Oil Company.

New York, Aug. 5.—In spite of rumors to the contrary, no official statement was given out by the Standard Oil Company here today. When questioned about the report just published by Herbert Smith, commissioner of corporations, J. I. C. Clark, the Standard's Press agent, said: "Good little Smith, he has earned his salary at any rate. You cannot expect us to answer or even comment upon a statement which has taken a year's preparation, upon the very day of its publication. Why should we trouble about it to that extent when the fine is not going to be paid anyway. Sentence was openly imposed Saturday and we must have time to consider before we can give out any official statement. We know absolutely nothing of Mr. Rockefeller's intentions regarding this matter."

Secretary Pratt says that there will be no advance in all prices of oil as the result of Judge Landis's fine against the Standard Oil Company.

Fair Haven, Mass., Aug: 5.—H. H. Rogers, who has been ill for several days is in more serious condition than the public has been allowed to understand. This is the current report today. His condition is such that he has been forbidden to make any public statement regarding the fine of $29,240,000 imposed upon the Standard Oil Company Saturday by Judge Landis. An agent of the Standard's attorneys, sent here to urge Rogers to give out a statement, is said to have been refused and his letter kept from the patient on the ground that he is top ill to be worried. Practically the entire family of the multi-millionaire is gathered in his great home here, for the first time in years, it is stated. Yesterday Rogers was taken to church, but instead of reassuring public opinion his appearance caused greater alarm. He was weak and very nervous.

### The Revocation of the Southern's Charter

Montgomery, Ala., Aug 5.—With the possibility that trains on the Southern Railway may stop running in Alabama today, the greatest interest is centered in the developement in the railroad situation brought to a crisis by the revocation of the Southern's charter.

The great doubt arises over what action the State authorities will take to enforce the revocation. Threats have been made to arrest railroad employes of the score if the road ignores the States' action. There is a possibility also that the company will stop all the local trains operated for Alabama business exclusively. Threats have been even made to stop all trains.

Serious complications are bound to follow if the railway resorts to such a course. The people would quickly feel the blow. Governor Comer's friends think his agitation against railroads has made him friends. With people unable to travel from one city to another, and farmers watching their crops rot in the fields because they cannot be shipped to market it is likely the agitation will turn against the State authorities. There is also possibility of complications with the federal government. If mail trains are interferred with it is intimated the Washington authorities will take drastic action. Altogether the situation is regarded as decidedly ticklish and the outcome of the complications is awaited anxiously.

### Warships to be Sent to Morocco.

Madrid, Aug. 5.—Preparations were begun today for the transportation to Morocco of the 500 soldiers Spain has decided to sent there to assist in quelling the rebellious natives and police the country under the order of the Algeziras convention. A warship will be used to convey the troops and they will probably sail in a day or two. General Primo De Rivera, War Minister, announced the purpose of sending the soldiers and warships after a Cabinet meeting yesterday when the programme was decided upon. If an international demonstration against Morocco is decided upon Spain will probably play only a small part.

Gibraltar, Aug. 5.—The British cruiser Antrim, carrying 665 men, left today for Casablanca, the scene of last week's outbreak by Moors.

### The Contest in Mississippi.

Memphis, Tenn., Aug. 5.—According to the Commercial Appeal there will be a contest in the Mississippi fight between Governor Vardaman and John Sharp Williams no matter which has won, according to official figures. The paper insists this information has come to it through various sources.

Jackson, Miss., Aug. 5.—Governor Vardaman refused to acknowledge defeat in the primaries of last Thursday to determined the nominee for the Senate. Although unofficial returns give John Sharp Williams a plurality of over 1,000, Vardaman and his managers insist the officials figures will show the Governor's nomination. The outcome will therefore remain in doubt until the official canvass this week.

### Strike Over.

New York, Aug. 5.—The ore strike in the northwest is all over, according to Wm. Ellis Corey, President of the United States Steel Corporation. Advices he received today stated that all the large mines have resumed operation although with reduced forces. Men are returning in large numbers every hour however, and it is expected the shortage will soon be overcome.

### Drowned.

London, Aug. 5.—Thomas Myler, a soldier in the Spanish-American war, and said to be the man who hoisted the Stars and Stripes over Santiago de Cuba, was drowned today near Courtertown, according to a dispatch to the Exchange Telegraph Company. ### Resisting the Japanese.

Seoul, Korea, Aug. 5.—Heavily armed and strongly entrenched in a fastness of the mountains back from Seoul, two battalions of Korean soldiers—1200 men all told—are defying the Japanese. ### Attempt to Wreck a Train.

Pittsburg, Pa., Aug. 5.—Investigation is being rigorously made today into an attempt, apparently, to wreck the Pennsylvania limited under a signal bridge near Superior street, Woods Run, Allegheny, yesterday. Slice bars had been nailed on the track. It is supposed the weight of the engine prevented derailing which undoubtedly would have cost many lives and untold fatalities. The passengers were thrown into great excitement. There is no clew to the perpetrators.

### Fatal Fall.

Washington, Aug. 5.—Breaking her neck in a fall from the top to the bottom of a flight of steps in her room, Mrs. Anna L. Manley, fifty years old, of 1918 Gales street northeast, was instantly killed last night.

Huddled up in a limp and pulseless mass, she was found near the front door by her husband about 3 o'clock this morning.

### Traffic Managers to Organize.

New York, Aug. 5.—Traffic managers of the various concerns with headquarters in New York will hold a meeting tomorrow to form an organization. The purpose will be to consider transportation conditions and seek to protect their employers from any unfavorable action that might be taken by the railroads. They will also look after their own interests.

### New York Stock Market.

New York, August 5.—Leading railroad stocks were under pressure and prices of the active speculative issues sustained declines ranging from 1 to 2 points in that period. One of the most active room traders made persistent efforts to break Union Pacific, and other traders active on the bear side hammered Southern Pacific. The long selling was directly due to the penalties imposed on the Standard Oil Company by Judge Landis. In a number of cases the lowest prices were attained.

## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 5:03 a. m. and sets at 7:07 p m. High water at 5:42 a. m. and 6:19 p. m.

### Weather Probabilities.

For this section showers tonight and possibly Tuesday, warmer tonight in the interior; increasing southerly winds.

### DEATH OF MR. STANDIFORD.

John Standiford, one of Alexandria's oldest and best known citizens, was found dead in bed at his home, 1010 King street, yesterday morning. Mr. Standiford was in apparently good health when he retired Saturday night, and when his daughter went to his room Sunday morning to awaken him, she was horrified to discover that he had passed away peacefully in his sleep. Mr. Standiford was born in Harford county, Maryland, in 1828, and had made his home in Alexandria for over fifty-six years. He was a carpenter and builder, but retired from business several years ago. He is survived by five children—Harry Standiford, a prominent business man and Mason of Washington; J. Harvey Standiford, with the Southern Railway, Washington; Mrs. Marshall L. Dinwiddie, wife of Mr. Marshall L Dinwiddie of the Citizens' Bank of this city; Mrs. Lyle N. Gillis, wife of Lyle N. Gillis of the American Locomotive Works, Richmond; and Miss Nellie Standiford, of this city. Mr. Standiford was a prominent Red Man, being Past Sachem of Osceola Tribe, I. O. R. M., of this city, as well as being the oldest Red Man in Virginia, and the second oldest Red Man in the United States. The funeral will take place from his late residence tomorrow afternoon at 4:30 o'clock.

### NEW DEPOT.

The new depot of the Washington, Alexandria and Mount Vernon Railway at Mount Vernon has been completed and will be put into use within the next ten days. The building stands just outside the entrance, and replaces the old frame structure which was erected when the road was established, some fifteen years ago. The architect is Mr. F. A. Gugert, of Wayne, Pa., and the builder is Mr. Julian D. Knight, of Alexandria. About $25,000 has been expended on the building. Of colonial style, with two stories and a slate-copper roof, and with Flemish bond brick walls, the new station is considered more attractive than any of the smaller ones near Washington. It takes up a space sixty by eighty feet. On the first floor is a waiting room, ticket office, kitchen, pantry, and dining room. The floor is finished in tirsza work. The second floor is divided into living rooms for the man in charge of the station.

The railway company will built a loop around the new station.

### THE DOG WAGON.

The dog wagon will be placed on the street tomorrow, and all unmuzzled dogs found roaming the streets will be picked up and conveyed to the yard of the city jail where they will be held for a period of forty-eight hours, and in the event the owner fails to claim them they will be taken to the pound and killed. There is a city ordinance which provides that all dogs allowed on the streets must be muzzled, but the ordinance has been in recent years more honored in its breach than in its observance. Considerable complaint has been made recently concerning the large number of vicious and apparently ownerless canines which roam the streets both day and night, and in numerous instances the owners have not paid the tax on such canines. It is believed the appearance of the dog wagon will eliminate this long-standing nuisance.

### EMPLOYEES PROTEST.

A mass meeting was held in Washington last night by the employees of the Pennsylvania Railroad, who use the roundhouse at Del Ray as their starting point, and who live in southwest and southeast Washington, to protest against the removal of what is known as the annex train from the schedule. This train is run for the benefit of employees living in Washington and Alexandria. The company, it is said, proposes to furnish them commutation tickets on the Washington, Alexandria and Mount Vernon road at $3.30 for sixty tickets. Some of them claim that it is a move on the part of the company to force the men to ride on the Mount Vernon road, against which a boycott was declared some time ago, but which, it is said, has since been withdrawn.

### THE WRIGHT CASE.

It is expected that Gov. Swanson will decide prior to September 1 whether or not Joseph Thomas, alias John Wright, colored, convicted of assaulting Miss Mabel Risley, shall be hanged or be imprisoned for life. Wright, it will be remembered, was respited for 90 days during the latter part of May. Attorney James E. Clements, who represents the prisoner, appeared before Gov. Swanson May 28 last, and the governor granted a respite of ninety days in order that he might have an opportunity of thoroughly investigating the case. Prior to the granting of the respite Attorney Clements made an unsuccessful effort to secure a new trial for his client before the State Court of Appeals. Thomas is confined in the jail of Alexandria county.

### KNIGHTS OF COLUMBUS.

Large delegations of the Knights of Columbus left Washington yesterday morning on the Newport News, bound for Norfolk, to attend the annual convention of the order, which held its first session yesterday. The steamer stopped at this port and took on a number of persons. By permission obtained from Cardinal Gibbons, a special altar was placed on the forward part of the steamer, in order that solemn high mass might be celebrated immediately after the steamer started on its trip.

Their will be a special meeting of the Knights of Columbus tonight in the Lyceum Hall, at 8:15 o'clock.

### ATTEMPT TO BURN AN ARK.

An attempt was made between 5 and 6 o'clock last Saturday evening to burn an ark belonging to Arthur Welch which was lying in Hunting creek, near the highway bridge. A piece of rope, saturated with coal oil, was placed in the ark and then set on fire. Councilman Evans came along before the flames had gained much headway and extinguished them.

### FUNERALS.

Funeral services over the remains of Mrs. Maria A. Fleming, whose death occurred Friday last, were held this afternoon at her home, 211 Cameron street. Rev. J. M. Nourse of Falls Church conducted the services and the interment, which was private, was made in the Presbyterian cemetery. The following were the pallbearers: Capt. R. F. Knox, K. Kemper, A. G. Uhler, Laurence Stabler, Frank S. Harper, and A. D. Brockett.

Funeral services over the remains of Mrs. Mary E. Becker were held yesterday afternoon at the residence of her sister, Mrs. John L. Proctor, 302 north Columbus street, Rev. Dr. W. F. Fisher, pastor of the First Baptist Church, officiating. Later the body was taken to Washington on the ferry steamer and interred in Rock Creek Cemetery.

The remains of Clarence Pohl, the infant son of Mr. and Mrs. H. H. Pohl, of Brazil, Ind., formerly of Alexandria, were brought here this evening for interment. The funeral will take place tomorrow morning from the residence of Mrs. Annie Power, in West End.

### DEATH OF MR J. NEWTON HARPER.

Mr. J. Newton Harper died suddenly Saturday at his home near Widewater, Stafford county, of heart trouble, aged 84 years. Mr. Harper had been in declining health for a number of years. The deceased, with the late N. Boush, many years ago conducted the ship chandlery business at the southwest corner of King street and the Strand. He leaves a widow and four daughters, three of whom are married. His remains were brought to this city at noon today and interred in the Presbyterian Cemetery. The services were conducted by Rev. Dr Fisher.

### COMPANY INCORPORATED.

Papers of incorporation for the Auto Sales and Garage Company, of Washington were signed this morning by Judge Barley of the Corporation Court preparatory to being forwarded to Richmond for securing a charter. The objects of the company are to conduct a general auto business. The sum of $15,000 is named as the capital stock with a minimum capital stock of $500. The officers are: William P. Barnhart, president, East St. Louis, Ill.; Charles F. Deggs, secretary; Henry I. Quinn, treasurer, of Washington, and Mr. Leo P. Harlow is named as local counsel.

### POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Harry Brown, charged with disorderly conduct, was sent to jail under the vagrant act for sixty days.

Thomas Foster, charged with assaulting and beating Brock Breen, had his case continued.

A citizen who had been cited to appear in court for failing to tap a sewer, as required by law, signified his intention of doing the same and was dismissed.

### SENT TO JAIL.

Harry Brown was charged in the Police Court this morning with disorderly conduct. His wife testified that he endeavored to prevent his daughter from attending Sunday school yesterday. Mrs. Brown also informed the court that her husband will not work and that she is compelled to work in order to support herself and child. The prisoner denied having endeavored to stop his child from attending Sunday school. Justice Caton sent the accused to jail for sixty days under the vagrant act.

### CONSTITUTIONAL AMENDMENTS

Mr. Lewis H. Machen said today that he was not discouraged by the failure of his constitutional amendments through the failure of the Senate clerk to record them at length, and said that he expected to reintroduce them at the next session of the legislature and may even go further and ask for a substitution of the whole legislative article of the old constitution for that of the present constitution, which, he says, has not proven workable.

### UNFOUNDED REPORT.

The police Saturday evening received a report to the effect that it was believed that a number of yeggmen who have been engaged in robbing banks and postoffices in this vicinity would arrive here Saturday night, and as a result of the report a close surveillance was kept over the different banks, and had the men made their appearance they would have been taken in custody.

### THE BARGE NORFOLK.

Sergeant Cox has received no further information from the Norfolk authorities concerning the barge Norfolk, laden with railroad ties, which left this port several days ago with several attachments, which had not been satisfied, pending against its cargo. It is supposed that the barge has gone to New York.

THAT the wants of those of our customers who remove from the city during the summer months shall receive prompt, intelligent attention, we have had our mail order organization brought to a high state of efficiency.

It will be a very material aid to us, however, if our customers will, when ordering items to be charged, state full name and city address under which the account is carried. This should be done in each individual order, as it enables our bookkeepers to identify the account and avoids delay in forwardance of goods. Communications should be directed, "Woodward & Lothrop, Mail Order Department, Washington, D. C."

## VIRGINIA PROHIBITIONISTS.

Virginia prohibitionists are seeking to lay the foundation for a crusade in this State similar to that just successfully terminated in Georgia. The Anti-saloon League of Norfolk has issued a circular letter, a copy of which has been sent to every candidate for the democratic nomination for the General Assembly. The letter asks the candidates to inform the league of their views on the anti-liquor legislation, and also asks if they will oppose all measures to establish dispensaries in Virginia. It calls attention to the fact that the cities of Charlottesville, Clifton Forge, Bristol, Redford and the town of Covington have recently voted dry and local option was reaffirmed in Buena Vista, Leesburg and Shenandoah. It shows that 86.9 per cent. of all incorporated towns are dry, 72 counties are without saloons and over three-fourths of the inhabitants of the State live in no-saloon territory. During the last session of the legislature an attorney, acting for the liquor interest, opposed every measure aimed at the blind tiger, the letter says, and it asks the candidates to see that communities free from saloons shall be privileged to say what laws should govern their territory as a matter of self-government.

## GONE TO OMAHA.

Deserting her husband because, as she charges, he was unkind to her, Mrs. C. J. Green, a handsome young woman of Culpeper, has gone to Omaha, in company with her three little children, to file a suit for divorce, and when she obtains her decree she is to marry G. J. Raynor, a young man who has been in the employ of her husband.

"My husband was cruel to me," said Mrs. Green, "and I picked up my three babies and ran away from my home. I read in the newspapers that I could become a citizen of Nebraska after a residence of six months and then procure a divorce without any trouble.

"Mr. Raynor gave me money to come on and to help pay my expenses for a while, but I find my money is all gone, and I don't know what I shall do. Mr. Raynor felt sorry for me because my husband treated me so badly, and that is why he assisted me to come here. It is our intention to be married when I get my divorce from Mr. Green."
